DEFECT TRACKER (Sprint 1 - Sprint 5 | 20 Aug 2026 - 20 Oct 2026)

Sl No	Submitted By	Submitted Description	Detected Sprint	Assigned To	Type Of Defect	Action Taken	Action Taken Date	Status (Open/Closed)	Remarks
1	Self (QA)	Corrupted/scanned PDF crashed document processing with a raw stack trace instead of a user message	Sprint 2	Gaurav	Logical	Added extraction guard in the upload route returning 'PDF extraction failed' with guidance	7th Sep 2026	Closed	Verified with corrupt sample PDF
2	Self (QA)	AI-extracted metric values conflicted with values printed in the financial statements	Sprint 2	Gaurav	Logical	Implemented mergeWithLocalMetrics: deterministic parser values override the AI	13th Sep 2026	Closed	Local value wins on conflict
3	Self (QA)	Metrics were saved even when the evidence line did not contain the number	Sprint 2	Gaurav	Logical	Added evidenceSupportsMetricValue gate; unsupported metrics are skipped	14th Sep 2026	Closed	Evidence stored per metric
4	Self (QA)	A crashed pipeline job held a lock forever and blocked the job queue	Sprint 2	Gaurav	Logical	15-minute stale lock reclaim plus atomic claim (UPDATE ... WHERE status='queued')	15th Sep 2026	Closed	Retested with simulated crash
5	Self (QA)	Research answers contained numbers with no verifiable source (hallucination risk)	Sprint 3	Gaurav	Logical	Mandatory exact supporting quotes + numeric-token validation; unsupported claims dropped	24th Sep 2026	Closed	Citation accuracy verified
6	Self (QA)	Misconfigured embeddings provider surfaced a raw error page to the user	Sprint 3	Gaurav	User Interface	Embeddings made optional; status shows 'Disabled (optional)' and keyword search takes over	27th Sep 2026	Closed	Graceful degradation
7	Mentor Review	Report narrative could repeat figures that were not present in the extracted data	Sprint 3	Gaurav	Logical	Report prompts bound to stored metrics/flags; tables rendered by code from real numbers	30th Sep 2026	Closed	Numbers by code, prose by AI
8	Self (QA)	Benchmark compared companies across different fiscal years without any warning	Sprint 4	Gaurav	Logical	Period-compatibility guard added; mismatch shows a clear warning, missing metrics show N/A	4th Oct 2026	Closed	Like-for-like enforced
9	Self (QA)	Wrong file types (resume, invoice, novel) were accepted and processed as financial documents	Sprint 4	Gaurav	Logical	Built Validation Agent: structure scoring + typed wrong-type detectors; 422 with 'looks like: Resume/CV' style reason	10th Oct 2026	Closed	10-document acceptance matrix
10	Self (QA)	Short cover letters were falsely accepted by the Validation Agent (finance words density too high)	Sprint 4	Gaurav	Logical	Scaled finance-vocabulary density by document length; anchored title patterns to line starts	11th Oct 2026	Closed	Cover letter now rejected
11	Self (QA)	Dashboard Multi-Agent Pipeline panel did not list the new Validation Agent	Sprint 4	Gaurav	Standards	Added Validation Agent card to the dashboard pipeline panel and document page summary	12th Oct 2026	Closed	UI consistent with agents
12	Self (QA)	Questions naming a specific PDF searched all documents and returned no usable passages	Sprint 4	Gaurav	Logical	Filename targeting: question naming a file searches only that document; filler words stripped	13th Oct 2026	Closed	Retrieval precision improved
13	Self (QA)	Profit & loss questions retrieved boilerplate pages ('0 cited passages') instead of statements	Sprint 4	Gaurav	Logical	Keyword scoring: stopword removal + financial-phrase expansion (P&L -> operations, income...)	14th Oct 2026	Closed	Retrieval quality fix

Sl No	Submitted By	Submitted Description	Detected Sprint	Assigned To	Type Of Defect	Action Taken	Action Taken Date	Status (Open/Closed)	Remarks
14	Self (QA)	General questions (e.g. 'What is gross margin?') ended in a refusal dead-end message	Sprint 5	Gaurav	User Interface	General-knowledge mode added with clear 'not verified' label + tip to ask about filings	17th Oct 2026	Closed	Trust model preserved
15	Self (QA)	Agent Activity panel showed only Research Agent rows, hiding the rest of the team	Sprint 5	Gaurav	User Interface	Panel now shows the latest activity entry per agent instead of raw newest rows	18th Oct 2026	Closed	Full team visible
